Bangalore
17 December 1887

My Lord,

For some time past
I have been giving very
careful consideration to the
question of the military
resources of India and
might be written to
place before Your
a proposal for
strengthening them to the
fullest extent possible
for purposes of Imperial
Defence.

I need scarcely
assure Excellency that I
am no advocate for
maintaining a large
army in my State as

a mere idle pageant,
but at the same time
I feel strongly that the
duty of Military Service
which I owe to the
paramount power is not
being discharged in the
best way possible - this
duty is doubly dear to me
owing to the traditions
of my family and the
past history of its
military relations to
the U.S. Govt. - I am
anxious therefore to be
permitted to take a direct
part in the mil. Defence
of the Empire, and to
maintain for this purpose
a Suitable Military
force in a condition of

thorough A.T. and
ready always for active
Service Side by Side
with the regular U.S.
Army.

I need hardly remind
you Esq. the exceptional
facilities which Surgeon
offers for organizing an
Excellent Army - The
famous Bedars of
Hyder and the Surgeon
Heroes of history ~~the~~
were
all drawn from
warlike classes in-
digenous to my County
Eighty years of profound
peace has not
extinguished the
martial Spirit of
these races, and

their deeds of Valor
~~are~~ & this day
remembered with feelings
of just pride in Every
part of Mr ~~Country~~ State.

In physique our men
are far superior to the
average men of the Surrounding
plain Country, and they
are Everywhere noted
for their great endurance.
Horses thrive so well
in Mysore that we are
in a better position than
most other Indian Provinces
to maintain our Excellent
Cavalry - The Superiority
of our Amrit Mahal Cattle
is well known and the
means of transport at
our Command are
practically unlimited.

These and other similar
Considerations incline
me to think that,
under existing arrange-
ments, there is
a Considerable non-
utilization of Imperial
resources in not making
the best use possible of
the excellent military
materials which exist
in [illegible] and which
under a proper system
of organization &
discipline might be
of such Valuable aid
in the occasion of
any great war. It
is [illegible] somewhat
anomalous that the
large Native States &
Mysore in the [illegible] its
localities of good Military
[illegible]

be in a position to take a
direct part in the National
Defence of ~~the Empire~~
India & to fight side
by side with the armies
of other Federated Powers
~~of~~ the Empire & with the
British Army, whenever
the integrity of the
Empire is threatened
by foreign aggression.
I am arranging
if possible, that
Bramo's shd be
absolved. Hence my
desire to submit for
your Excellency's consideration,
an offer to raise & maintain
a Suitable Military
force, ~~fully~~ ~~disciplined~~ Trained
by B. Officers lent to me

Small in numbers no
doubt but perfect in
discipline so as to be
of valuable service on
any occasion of sudden
need.

The Military ~~Capture~~ Corps to
which
the acceptance of my
proposal would open
the Civil Classes ~~are~~
among my Subjects is
in itself no small
advantage, but my
chief aim is to
Contribute, to the best
of my powers, towards a
National Defence of
the Empire. It would
be premature as my
at present
part to enter into the
practical details of
my proposal, but if
the principle of it is
accepted, and if

Your Excellency is desirous
& view it with favour,
~~the~~ necessary details
can all be readily
settled and the practical
carrying out of the Scheme ~~of~~
taken in hand at once

With Sentiments of
profound loyalty to the
Imperial Throne &
warm feelings of high
Consideration respect-
I beg to subscribe myself

My dear sir

The infantry comes will be over in a few days & I mean to join your department shortly. But before Commencing the work I think it better to settle about my rank & position in the department. I was of opinion that the new appointment was a suitable one, as I thought that, not only in rank & position but also with regard to the duties I had to do, such as, training

Chiefs both and none can be given without the
sanction of the possession of the permanent of
forces - It would be most desirable that
one definite position should be given to
Bhumpers and no doubt his ancestors
ample grounds ago did very good de
ence - Desa Raj has in another effectually -
be wrote me the enclosed letter in reply to whi
I told him that I considered that no one
should be appointed Staff Officer to the For
until the Govt. had consulted with the Govt.
of India as to what arrangements should be
made with reference to the corps expressed by
the Maha Rajah that the Imperial Forces sho
be available if necessary for service with
the Imperial troops. Colonel Clements
tells me that the Engineers have been carried
on in the North regularly the last two or three
years the troops plus Malon Chiefs with the
Chiefs Consent - so do no doubt have with

be excluded to Mysore and I do not think any
punishment or enquiry should be made with
him - It appears to me that Major Macaulay
who is to succeed him should also be consulted
I write to him and ascertain precisely what
he would desire to be done before he relinquishes
his - and write again - I think that on this
whole the suggestion made by Gen Lew Adam
May is the most suitable for the present -
That a European Officer be obtained to supply
Lt Aclom's place here and that Deva Raj has
shown ability enough in Mysore
Deva Raj has made a strong point of his being
recognized as superior in rank to Rajah Rao
This might perhaps be conceded in consideration
of his holding at Mysore a position similar to
that of the European Officer at Bangalore without
being allowed to take command of the Regt for
the Rajah Sahib Purchegast sent me two times

To
The Dewan

With reference to my promotion
a year ago (today) to Lt Colonel
I have been told you had said
I was not to get an increase of
pay on that account — this was
aforesaid I believe of some officers
not drawing their local
allowances on leave. If this
has been finally settled by you
of course I have nothing further
to say, as when I took up the
appointment I agreed to leave
all question of increase of pay
in your hands — If it has
not been finally settled, then
as you will remember it has
not been my custom to
trouble you about my own
affairs hitherto, I would
like to point out one or two
things to you.
All of us Lt Colonels get
promotion respectively &
departmentally, and most
of them draw the selection pay
on promotion — in fact all
have & do except myself —
I am well paid. I have
not in addition to my other
work, I have always a
great deal to do with Govt
House Entertainment
Stables &c — all worry & bother

and though I am always
only too delighted to do
any thing & every thing in
my power for His Highness,
& as a Govt. state when
I see many others get rapid
increases of pay without much
addition of work, I think
it only fair towards myself to
mention it. Take the present
Deputy Comm.r of Bengalee,
with less than one year's
service in the appt.t, he
draws nearly as much pay
as I did including the
allowance for the Excise Dep.t
The D. G. of Police draws
practically the same pay
as I now do, tho' I held
his appointment 12 years
ago on 1000 a month. I believe
I am right in saying I
am about the only officer
in the Province who draws
less pay than his predecessor
did, either before or after the
Amalgamation, with a drastic
addition to his work.
I. & humble you write
more about this now.

Memo: for information

I leave tomorrow for Bangalore and am going to Tumkur Kolar etc. tonight - but will be down here before H.H. leaves for the hills for several

With regard to my interview with Sir and what Sir observed about the Bodyguard Parade ground etc. I will write to the Offg: Commr Bangalore desiring him to send him a map of all the land we will want to the N. of the Palace & ask him to notify as usual in the Gazette. The remainder of this correspondence will be through the Chief Secretary.

I informed His Highness that I had spoken to Sir regarding the Bodyguard & Palace Infantry & that Sir would see H. Highness about this point & ascertain his exact wishes - as far as I could judge H.H. would like the older men pensioned but this can also be settled when Sir have seen His Highness & parades.

I will submit the note reply in detail to the Proc.ds regarding the Funds, & submit for Sir information the report regarding the Retiring Fund & an exact statement of each acct. I propose to bring down all my books when I here, or if Sir come to Bangalore

-20 For the Khewan

I submit herewith for favor of perusal & orders a copy of the Rules relating to the Retiring Fund. You will see by the report accompanying this that the Fund was established at the earnest request of the Force. I have in addition to the amount lent from this Fund been able to borrow some money from the Bangalore Bank for my men to liquidate their most pressing debts. hereafter there will be no occasion to do this. The books of the Fund are to be audited at the End of March each year, and are checked & examined by me most carefully every 3 months. The ~~Investment~~ Fund is most popular, and in the course of a couple of years. So, my men need never go to a Sowcar for loans even tho, as I will be

able to meet all their
legitimate demands.
At the end of this month
a separate statement of
accounts is to be prepared
and an Auditor will be
appointed to examine
& report on them, and
he will be asked to advise
on any improvements
he may think necessary.

A. Macmillan
Secretary

I have submitted to Sir Thos the Chief Secretary the requisition for the Lucerne fodder land wanted at Kamiesfal.

2 Last year one of the Govt Stud horses broke its leg & had to be shot here, and another died in Bamfalne. and so I purchased a pair to make up the 4 pairs - You said however to wait a bit, but I find I have work for all of them & as well as the Regimental pairs sometimes, I am sending you a separate memo: on that for a day or two at your leisure.

3 The good conduct pay of the Barrs. & the question of their clothing being given with stand over till I hear about the Body Guard & Palace Infantry

7 I would like you to ascertain His Highness' wishes regarding his Decoration's appt as Commandant of the 1st Regt (Local) Imperial Horse with a command allowance of Rs 100 a month (for chargers & horse) to enable himself to qualify for Command of the Imp. Serv: Regt. I would propose the appointt to take place from June 1st & would give him a good second in Command & the Regiment also would be retained.

TO THE DEWAN OF MYSORE

FOR ORDERS.

DATED 22nd July

Subject.

I submit for perusal a letter from the Asst Resident regarding an application for the loan of an officer to act as Adjutant of the Imperial Service Regt. Capt Tasker has suggested sending a class to the XIX Hussars Riding School of Probationers & Instructors who through the Regular Rough Riders ride & thus qualify themselves to teach the others. If this is done, he thinks there will be no necessity for an Adjutant. I have agreed & asked him to arrange, after he has consulted Col Wallis. & probably the matter will end there.

× Returned to Asst Resident with Despatch No 1 dated 14th July 1906

But the point I should like you to take an opportunity of discussing with the Resident is - the position of Capt Tasker & also Col Mellis - & my own - Here in this letter it is asked that I suggest to Capt Tasker that he should select. I thought the Inspecting officer had to suggest & advise only.
It makes my position rather anomalous & in a short time the Inspecting officer will be de facto "Commanding officer" - and my succes who will probably not be so senior to the Inspecting officers as I am, may not like it - If you prefer I will see the Resident about it - so that it can be settled before he leaves

I told Her Highness candidly that so far as the Executive duties of my appointt went, I had no doubt he had had sufficient Experience to carry them on, but with regard to the administrative work & miscellaneous duties connected with it I had my doubts.

supervision & assistance of Mr Disney here might carry on the Executive duties of the Commandant but as regards the rest of my work an officer of standing should in my opinion most decidedly be appointed, who would be able to represent the Durbar & its interests to good purpose - which he would be more likely to do, if a British officer -

In Hyderabad Major Afsur-ud-Dowlah after commanding a Brigade of troops for a long time has been put in Command of the two Imperial Service Cavalry Regts and I see no reason to doubt that Mr Disney here will be able to command the Cavalry Regiments here in due course after he has had some years experience in Command of all Regiments -
